

May 13, 2020

Dear Voluntary Bar Leaders,

As of Monday, May 11th, the Eleventh Circuit can send you text message reminders about your civil, family or probate case—including the zoom meeting details. To sign up, just go to www.jud11.flcourts.org and click on the block that says “Hearing Text Alerts.”

You can sign up for the system whether you are a party or a lawyer. Anyone can use it. This is in addition to the statewide [e-Notify](#) system that provides text alerts for criminal cases.

We have worked to put this new notification system in place to continue extending every effort to make sure, during the pandemic, that parties have notice of the upcoming events in their case. By signing up, you will receive a message with the details of every Zoom hearing set or cancelled. We believe that this will provide additional convenience and another means of assuring notice to all parties.

We are grateful to our innovative and hard-working Court Information Technology Services (CITeS) team for creating this system over the last three weeks as yet another solution to our pandemic challenges.

Sincerely,

The Honorable Bertila Soto
Chief Judge

The Honorable Jennifer D. Bailey
Administrative Judge, Circuit Civil Division
